

BATTLE STATION

*Turns even the smallest boat
into a real sportfisherman.*

When it comes to stand up fishing, belts and harnesses have always been clumsy, tiring solutions to catching big fish.

The "Battle Station" is the ultimate solution. It provides the necessary control and support to fight big fish, saves energy and reduces fatigue. Standard features include 360° rotation with lock, cushioned rod support for trolling, heavy duty security belt and a height adjustable pedestal. A quick release base plate is included.

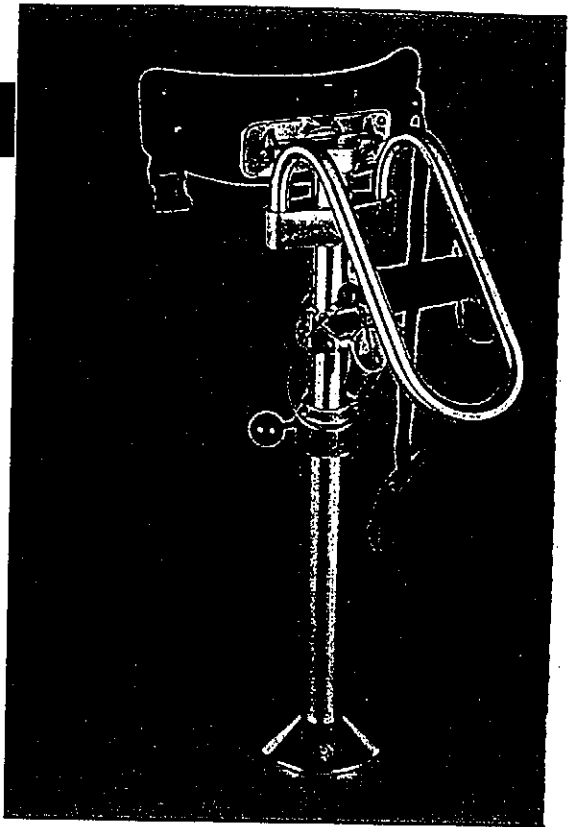

Swing Radius: 13".

Overall dimensions: 31" to 41 1/2"H, x 16 1/2"W.

Shipping weight: approx. 20 lbs.

Individually cartoned.

No. BS3030

ROCKET LAUNCHER

This handsomely designed rocket launcher is not only cost effective but is rugged and built to last. The low maintenance high density polyethylene top support plate is set off by the four customized fully finished E-Tec rod holders. It also includes a cast gimbal and a padded bolster. Needless to say, all the aluminum parts, including the fully swiveling Mounting Bracket and the bolster support bar, are bright-dip anodized. All fasteners are stainless steel. It comes complete with 27/8" x 28" Pedestal and Quick Release 9" Base Plate.
